

We need your support

By funding TFF, donors are able to directly assist more than 60 small CSOs dedicated to improving health, environment, human rights, and democracy. TFF not only makes sure that donations are given to appropriate grassroots organizations, but also we guide recipients to be accountable for the funds and monitor their progress.

Background

Development Support Consortium/ Thai Fund Foundation were established in response to the relocation of overseas funding agencies from Thailand to other regions.

A network of seven non-governmental organizations decided to form the **“Development Support Consortium (DSC)”** in 1996. DSC aimed at being a support mechanism to strengthen and provide self-reliance for civil society organizations, particularly those at grassroots level. In 2000, the consortium registered as a legal entity under the name of the **“Thai Fund Foundation (TFF)”**.

TFF coordinates with individuals and organizations in all sectors of society to distribute the resources received to support grassroots development organizations throughout the country, to bring about sustainable community strength, viable environment and equitable distribution of quality of life.

Our work includes;

- Capacity building , training for NGOs and CSOs
- Promoting philanthropic giving and social voluntarism
- ICT supporting for NGOs
- Organizing MekongICT Camp’ a region biannual workshop for NGO in Mekong sub region
- Small grants support NGOs/Youth Group in grassroots level on Environment, Health and Homan Right and Democracy
- Operating the award-winning Thai civil society promotion website, www.thaingo.org
- Organizing Annual awards “The Community Award for Forest Rehabilitation and Conservation”
- Established Environment Fund for Youth Development
- Continue supporting the **Stateless Children Day Project**
- International conference organizing
- Project management
- monitoring and Evaluation include Coaching
